经济学讲座 16，ECON830073

Empirical Methods for Applied Microeconomics

应用微观经济学的实验方法

本课程名为“应用微观经济学的实验方法”，共计六次课，分别涉及以下主题：
1. Regression and Causality
2. Differences-in-Differences
3. Matching
4. Regression Discontinuity Designs
5. Instrumental Variables
6. Quantile Regression

Prof. Songnian Chen received his PhD in Economics from Princeton University in 1994. He then joined the faculty of HKUST, where he is currently Chair Professor of the Department of Economics. He also taught at the National University of Singapore. Prof Chen’s research interests include theoretical and applied microeconometrics. He has published in Econometrica, Review of Economic Studies, Journal of Econometrics, Econometric Theory, Annals of Statistics, Journal of American Statistical Association and Journal of Business and Economic Statistics. He is an associate editor and a fellow of Journal of Econometrics.
